GOTHIC
THE SYMBOL OF EXPERIENCE

Gothic's stellar journey to becoming a successful real estate company began in 1996, way before the brand was officially brought to life in 2010. The proprietors forayed into the construction industry on the back of government construction contracts that helped them enhance their technical expertise and understanding. Their successful endeavours gave them the confidence to branch out into building residential spaces and in 2004, they constructed their first apartment in Madhapur followed by the layout development of over 60 acres in Gagillapur in 2006-07.

	<p>Growth Through Experience We have built this company from the ground up on the strong foundation of our experiences in the real estate industry and continue to do so even today.</p>	
<p>Outstanding Service The customer takes center stage in every endeavour we undertake. Our homes are thoughtfully crafted to serve our customers for life.</p>	 	
	<p>Thoughtful Designs We take inspiration from the magnificent structures of the past that have stood the test of time and try to replicate that longevity in every project.</p>	
<p>High-End Conveniences Our focus on ease of living is what has consistently won us the faith of our customers. From simple pleasures to luxurious amenities we deliver it all.</p>	 	
	<p>Integrated Living We don't just build homes for you to live in. We craft communities that help you prosper. Our projects consistently ensure that the human element is never lost.</p>	
<p>Comfort & Luxury Finally, we deliver homes that are worth living a comfortable and luxurious life in. Only the best construction materials and processes go into the making of your dream home.</p>
