There is no peace as precious as the peace of a courtyard on mellow winter mornings. At times, the clouds above change shape and a pleasant breeze dances in and out. Life's got its moments, so why not relax?

CHOOSE HARMONY

At East Crest courtyard, nature and architecture come together in perfect harmony. You can just step outside and do nothing, take a deep breath, inhale peace, exhale happiness. You can walk barefoot on the grass and feel the sunshine on your shoulders.

Soak up the sun and let the good vibes flow. Life is cool by the pool, so just dive in and swim your worries away. You and your family can unwind and relax by the water.

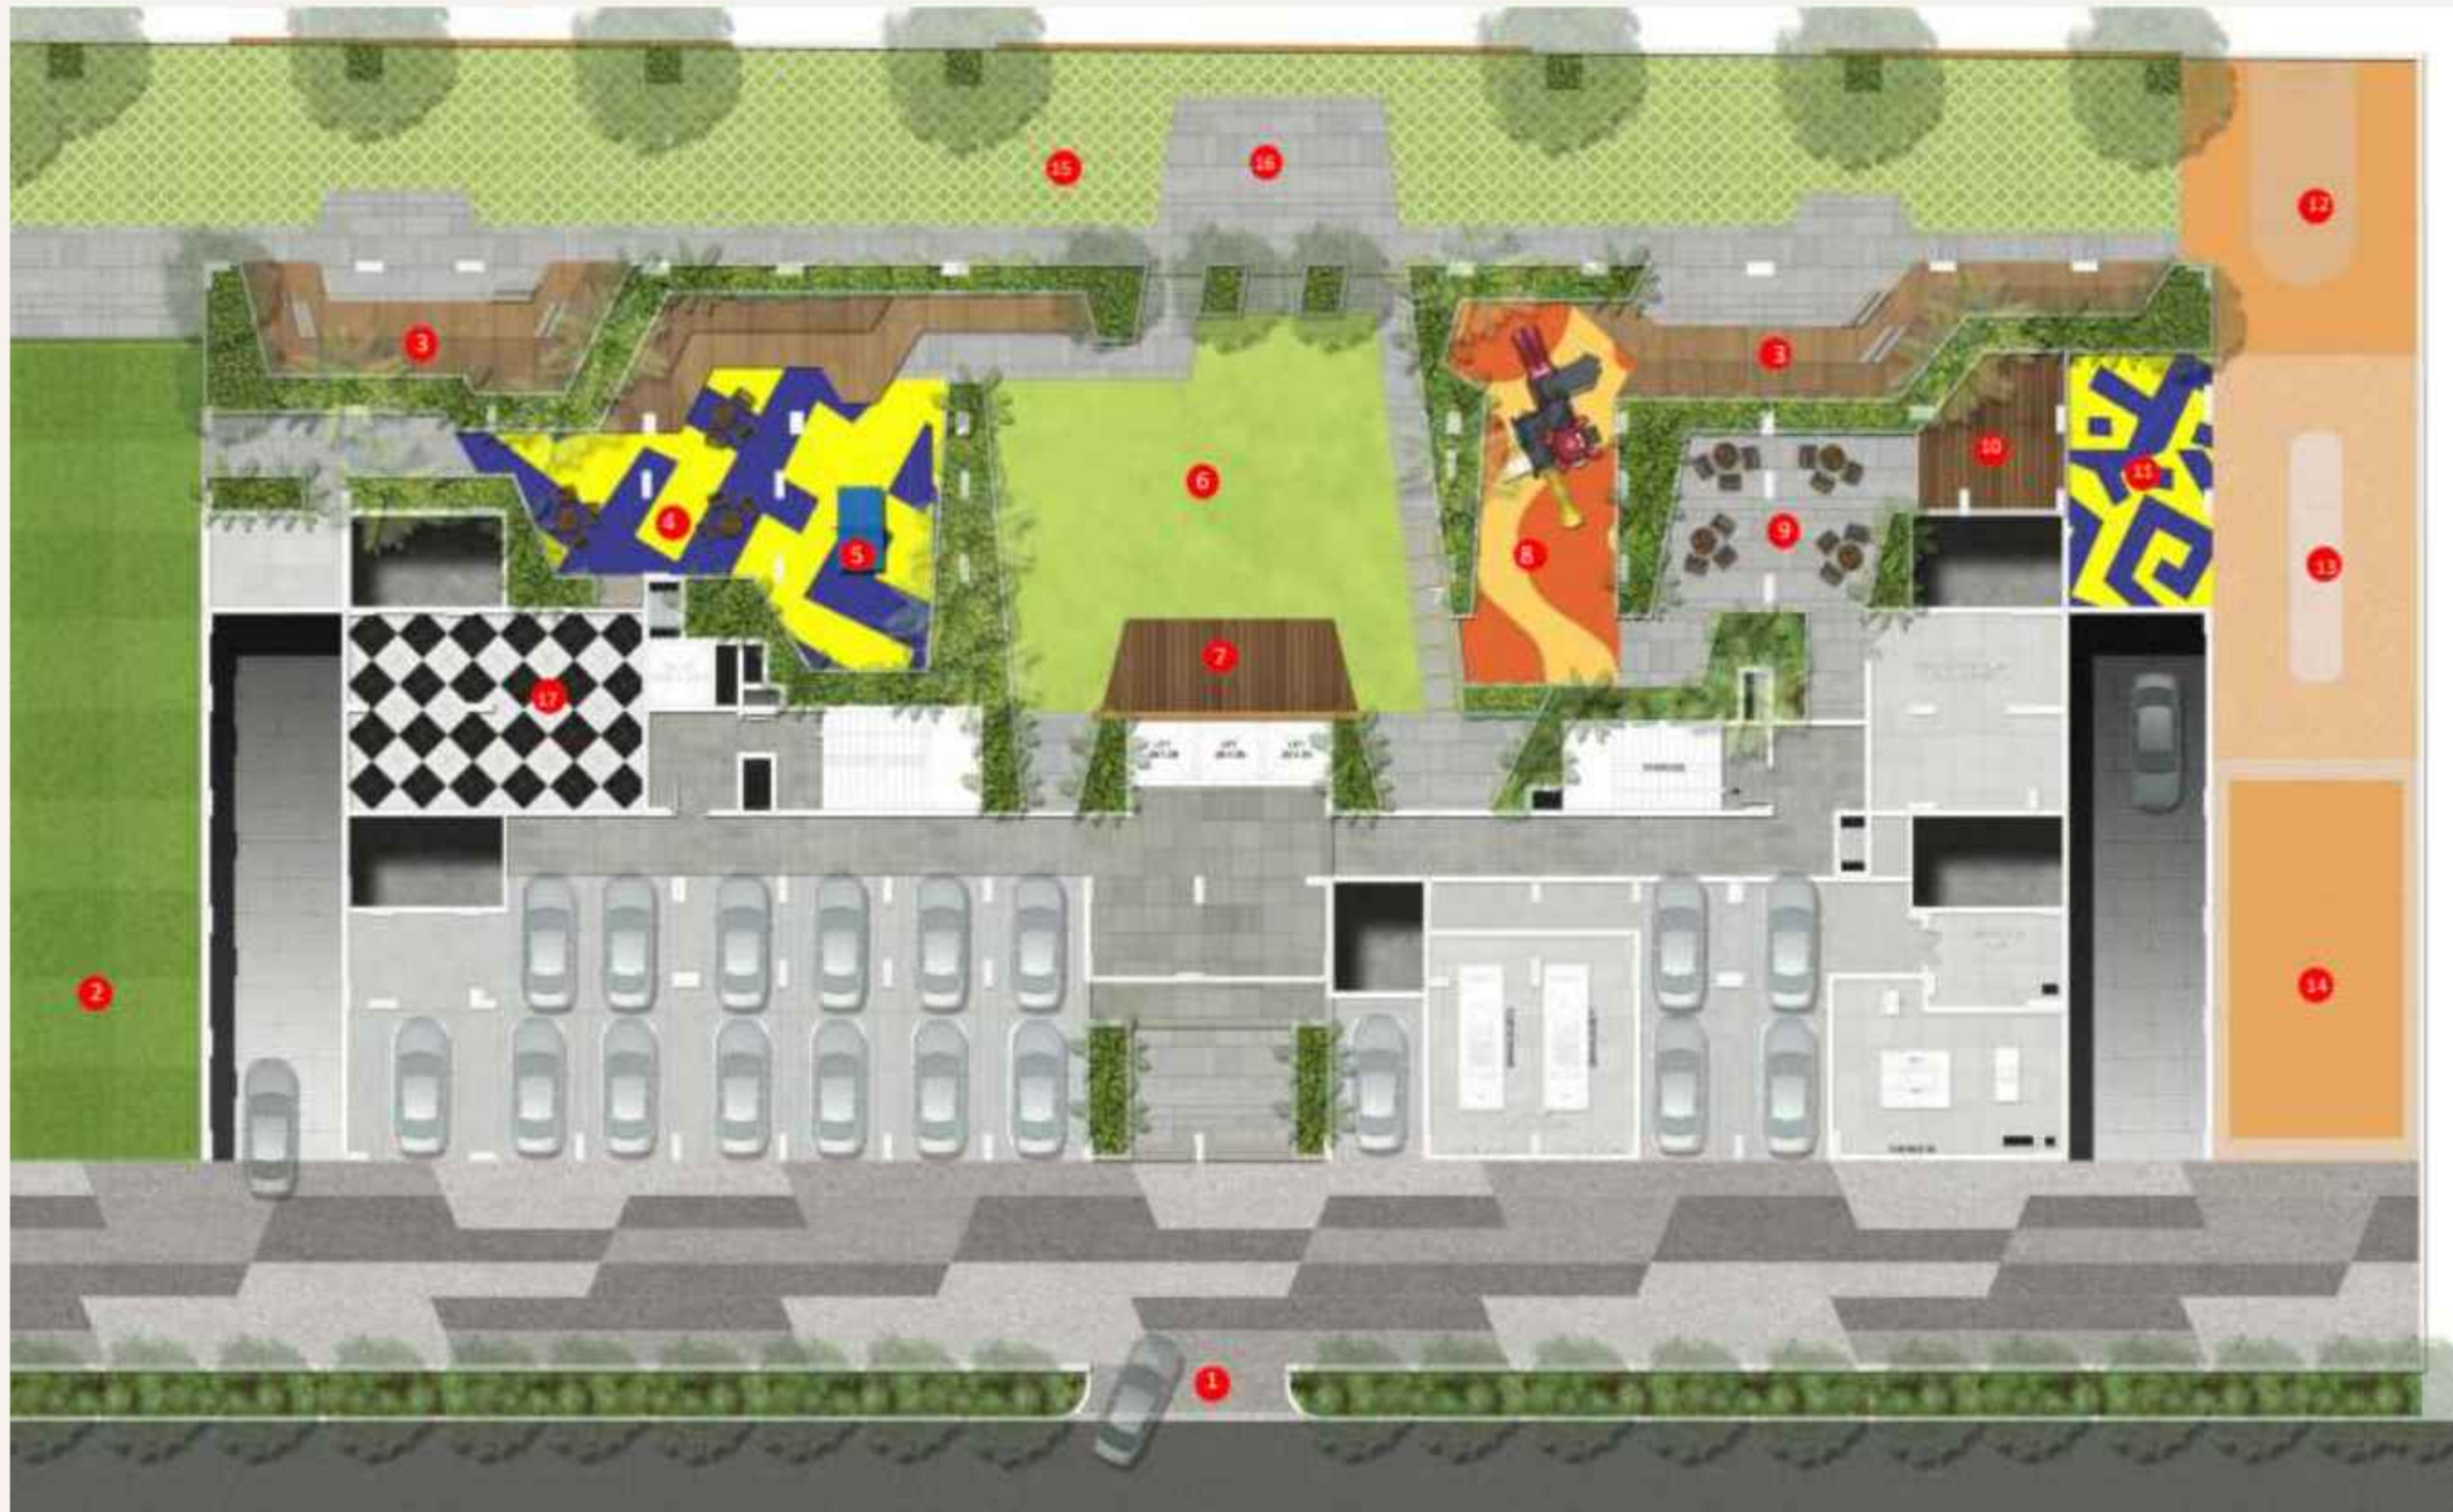

Let the kids slide into happiness, attain pure joy in every swing and build friendships. It's not just about having fun at the sports arena, but about taking risks, experimenting and testing boundaries at the cricket field and the indoor sports space.

Message from the Founder and CMD

"It's been over 20 years since the journey began. From a humble beginning in constructing standalone apartments to undertaking mega residential and commercial complexes today, from simple projects to complex properties, we have really diversified the portfolio. And we are all across the city now as well as making a foray in Bangalore, so it's been quite a leap ahead!"

Today, the Pranava Group is synonymous with best practices in the industry and the growth trajectory of its stakeholders. We learn as we grow, and we grow as we learn. In the process, we create benchmark residential and commercial complexes that synergize luxury with nature, concrete with caring, amenities with greenery, the past with the future."
