Live by the lake,  
in an oasis of  
**greens**

## In thick of action at heart of **MIYAPUR**

*Site photograph from lake side taken in September 2021*

Take a stroll down to the lakefront and let the breeze caress your face. Watch the birds fly over you and the squirrels run for cover. Walk barefoot on the grass and kiss the dewdrops on the flowers.

Being in the thick of action yet far from the maddening crowd, Miyapur is greenery and tranquillity. It's like being in a green oasis with all urban conveniences and connectivity on a platter.
