**BUILDING
 A NEW
 FUTURE,
 ONE LANDMARK
 AFTER ANOTHER.**

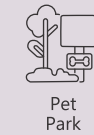

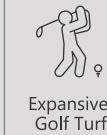

Almost 4 decades of building exemplary landmarks, exceeding customer expectations, and delivering value that inspires everlasting trust. This pretty much sums up the story of the Vaishnai Group. However, when you read between the lines, you'll see a wonderful narrative bookmarked with commendable milestones and breathtaking projects. And now, with this beyond spectacular villa community, we've not just changed the narrative, but truly owned it.

The world may often perceive you as someone who doesn't believe in sharing, but we understand that you're someone who believes in sharing only with those with the same mindset. And that's why, only 230 ultra-luxury villas ranging from 300 sq.yds. to 940 sq.yds.

First, yes; Vaishnai Southwoods is going to be the biggest villa commune in the serene vicinity of Mamidipally, Hyderabad. Second, true; albeit being centrally located, it's a world cut away from all the chaos. Third, no doubt; it's going to offer you a lifestyle that will knit together your most lavish desires. However, the actual point is beyond all these fantastic epilogues. It's how we've reimagined 'spacious' before we turned it into a mere understatement. It's how we've used every square foot of 43.5 acres to create a life that's not just big on size, but also big on statement. It's how a family can happily coexist in harmony and still find their individual escape that resonates with their idea of a good life. And all of this, in a location where nothing obstructs your view and the tallest personality is still you.

They say, when you make it count, you make it big. We say, when you make it big, you make it count even more. It's when opulence becomes your concierge and leisure becomes your muse. It's when the time on your hands belongs to you first. It's when spending hours every week on a hobby is an investment in the self.
