

VILASAM

Embracing nature

CELEBRATING LIFE

THE FIRST GREEN RESIDENTIAL ADDRESS OF VIZAG

“Home, the spot of earth supremely blest. A
dearer, sweeter spot, than all the rest.”

Robert Montgomery

a life of *affluence* beckons you

Stride into a grand abode, as opulent living beckons you to **VILLAASAM**. Blessed with azure blue skies, you are enveloped by fresh pure air and vivid green landscape all around. So come, own one of the most exclusive homes in the city, and indulge in the high life. Experience lavish wide spaces, the best of amenities and high quality design. Right here and right now.

Welcome to the villa life at **VILLAASAM**.

62* VILLAS | 11 ACRES

*Phase - 1 of development

Nature.
NURTURED.

nestled amidst
lush *greenery*

The layout of the land with rich greenery all around and its proximity to abundant nature, is what inspired **VILLAASAM**. The project has been accordingly conceptualized and designed for people who wish to dwell in complete harmony with pristine nature.

Each individual villa in the estate is meticulously planned to be a luxurious abode in a sea of green; and the result is a classy confluence of style, space, form and function. Unravelling in the tranquillity and rejuvenating in the lushness of nature is what living at **VILLAASAM** is conceived to be.

promoters

“Building homes and building *relationships* are long term investments.”

With a rare trait of near-perfectionism & incredible focus, **Y.S. Raveendranath Reddy** brings to Visakhapatnam a project that will define the city’s future destiny. Conceptualized and supported by his family, this prestigious project brings to the city the first-of-its-kind resort experience. This project is driven by his immense passion, high value systems and keen eye for detail and as a result, **VILLAASAM** translates to bringing incredible value to you through a well-articulated lifestyle in the best neighbourhood in town.

“For knowledge, we study; for *wisdom*, we observe.”

With a flair for excellence, 37 year old **Y.S. Madhur Reddy** has been a critical part of the senior management team for many prestigious projects. These include a Hydro power project implementation in the Himalayas and a National Highway construction project in Bihar. Affable by nature, he forayed into business during his college days. His unique skill sets and strong interpersonal skills enable him to motivate his team towards excellence, and bring the best for his customers and clientele. Madhur enjoys a deep understanding of the business. He is a very keen observer, quick learner and a great team leader.

walk into the land of your *dreams*

VILLAASAM is where the dream of owning a villa in the lap of luxury becomes real. Reminiscent of wealthy homes, here the comfort of community living melds seamlessly with the prerequisite of privacy. A modern aesthetic shines through the design sensibilities, as keen attention is paid to every little detail. From the layout of these villas, to the avenue plantations and placement of the amenities, you are ensured a life of opulence. With 62 villas in Phase 1, an additional 110 villas are planned in the proposed Phase 2. Spread out over a total stretch of twenty-eight acres, beautiful tree-lined streets, anti-skid tiled pram-friendly walkways and lush lawns take your breath away.

The grand life
IS HERE

a safe *haven* of magnificence

The uniqueness of **VILLAASAM** shines through the exclusivity it offers. Lush green exteriors and lavish interiors, set the tone. Promising indulgence and luxurious coddling, the manicured landscaping and thoughtfully designed pathways make the entire place a safe haven especially for the elderly and children to enjoy their time outdoors. With its distinctive architecture, **VILLAASAM** gives you the best of both worlds: a lively residential community and a haven of absolute privacy.

VILLASAM

live the grand life
in a lovely *neighbourhood*

Located on the northern side of Visakhapatnam, Kapuluppada is the emerging address for high class living in the city. Overlooking the hills on one side, this is a place that's away from the noise and pollution of city life, yet well connected to everything you need. Situated between the highway and Bheemili road, you are in close proximity to schools, healthcare, entertainment options, beach and also the proposed international airport at Bhogapuram.

Mathan *Ramaiah*

Principal Architect
FHD India

In an endeavour to create a green and idyllic villa community in Vizag, we have planned a picturesque estate with lakes, water bodies and rolling hills in the background. In fact, many of the existing trees and the natural water systems have been preserved and incorporated into the greenery within the community.

Every plot is aligned to cardinal directions and is designed to be vastu compliant. Soft villa boundaries and open entrances to villas make the public realm more open and inviting. Each unit is designed to look outwards. Greenery, light and link to outdoor are the key parameters used in the villa designs.

The use of glass is done in a way that will increase visibility to the gardens and terraces without increasing unwanted heat gain. The development has been envisioned to deliver the highest standards of healthy outdoor living at all levels in the community.

Naveen *Panuganti*

Landscape Consultant
Naveen Associates

Villaasam is an exceptional project that strikes a balance between the existing ecological assets, a desirable aesthetic quality, and the needs of the residents. Groves of older trees have been retained and combined with dense tropical planting to instantly craft an urban forest experience. There are active recreational areas like the play courts, fitness stations and swimming pools. There are also passive recreational features like fragrance courts, reflexology paths and relaxation spaces to care for spiritual and mental well-being. Furthermore, as the landscape itself acts as a natural pollution barrier and purification system, the quality of life is enhanced by this expanse of nature. The large variety of public green spaces allows residents to delve into their adventurous side, with exploratory urban trekking trails and secret lagoons all set within a lush oxygen valley. Come to Villaasam to experience enjoyment, relaxation and a life close to nature.

Maheedhar *Reddy*

Director (Technical)
Augmented Realty

A civil / Structural engineer, Mr Y M Reddy has a rich experience of over 40 years in real estate development. With a vast exposure to world class design and construction practices, his gamut of experience in real estate projects ranges from infrastructure development to SEZs, offices, commercial spaces, IT and business parks, hospitality industry, healthcare, educational institutions, industrial and residential developments.
